

New Year, New Life 32: The Spiritual Fix in 2026

"The steps lead to an awakening of a spiritual nature. This awakening is evidenced by changes in our lives. These changes make us better able to live by spiritual principles and to carry our message of recovery and hope to the addict who still suffers. The message, however, is meaningless unless we LIVE it. As we live it, our lives and actions give it more meaning than our words and literature ever could." —Basic Text, page 49, Step Twelve.
